

When I'm gone

Strophe

When I'm gone
look, what I've done
is it good, is it bad
I'll never know it
we all have to pay the price.

Strophe

Farewell my friends
I'll see you again
in a different time
at a different place
it's time to say `good bye`.

Bridge:

When Jesus touch my tears I see
the gates of heaven
will open wide for me
the gates of heaven

Strophe

Now your time has come,
I come to take you home,
give me your hand
I'll show you the way
the last step in your life.

Refrain:

I'm coming back, back to my roots
coming back, back home,
coming back, back to my roots
I'm coming back home.

I'm coming back, back to my roots
coming back, back home,
coming back, back to my roots
I'm coming back home.
